The rates of PRSI given in the following tables are applicable from **1 January 2012** and include the Social Insurance Contribution, which applies to **all** income in 2012.

Income for PRSI purposes

PRSI is calculated on the employee's reckonable pay. Reckonable pay is the gross money pay plus notional pay (or benefit in kind) if applicable.

Share-based remuneration

From 2011, share-based remuneration is included as notional pay for calculating employee PRSI. Share-based remuneration is shares or stock (including share options) received by the employee in the employing company or the company which controls the employing company.

Share-based remuneration is subject to employee PRSI only, at the rate of 4%. Share-based remuneration, where applicable, should be included as income when determining the appropriate subclass for employees and when charging employee PRSI.

Share-based remuneration is not subject to employer PRSI. It should not be included as income when determining the appropriate subclass for employers and when charging employer PRSI.

In some cases this may result in a different PRSI subclass for the employer and for the employee.

Example: If a Class A employee has weekly pay of €350 and, in a particular week, has gains from share-based remuneration of €30. Employee PRSI is calculated on income of €380 - Subclass AL. Employer PRSI is calculated on income of €350 - Subclass AO.

Employer and employee PRSI should be added together as normal. If a different subclass applies to the employee and to the employer, the return must always be made at the employee's subclass.

Weekly income over €500

The Health Contribution was abolished in 2011. As a result of this change, subclasses such as, A2, A5, B2, C2, D2, H2, J2 and S2 no longer exist. Assuming wages/income remain the same, employees returned in 2011 under any of these subclasses should, in 2012, be returned as A1, A4 (if previously returned as A5), B1, C1, D1, H1, J1 or S1. Accordingly in all cases of weekly income of more than €500 a week, Subclass A1, A4, B1, C1, D1, H1, J1, or S1 should be returned.

Officeholders

Office holders pay PRSI at a rate of 4% on all income, where their income is over €5,200 a year. They should be returned at **Class K**.

Income of €100 or less

IMPORTANT: People with a nil liability, such as persons in receipt of occupational pensions and public office holders with a weekly income of €100 or less should be returned at **Class M**.

PRSI Classes B,C and D

PRSI Classes B, C and D will pay PRSI at 0.9% up to €1,443 per week and 4% above €1,443 per week.

PRSI exemption on low earnings/income

Employees covered under Classes A, B, C, D, E and H with reckonable weekly pay of €352 or less are exempt from paying PRSI for that week. However, the employer must pay his or her share of PRSI as normal. **This will not affect employees' entitlement to benefits and pensions.** Employees whose weekly pay/income fluctuates above and below the €352 exemption limit are **not** entitled to an annual refund.

Employee's PRSI-Free Allowance

The PRSI-Free Allowance remains at €127 per week for employees in Classes A and H with weekly earnings of **more than** €352 and at €26 per week for **all** employees in Classes B, C and D.

The allowance only applies for weeks of insurable employment in which PRSI is paid. **Remember** that this allowance does not affect the gross reckonable weekly pay thresholds in deciding the appropriate contribution subclass.

Contributions for self-employed people

Self-employed people with a total income of €5,000 or more in the tax year pay Class S social insurance contributions. The contributions are paid on a person's gross income less capital allowances and allowable superannuation.

The arrangements for paying self-employed contributions are described below.

- Those who pay their tax directly to the Collector-General will pay their Social Insurance Contribution with their income tax. They will have to pay a Social Insurance Contribution of 4% of **all** income, or €253, whichever is greater.
- Those paying PAYE tax will have their contributions deducted from their income by their employers.
- Those who have been told by an Inspector of Taxes that they need not make a return of income must pay a flat rate contribution of €157 to this Department.
- Those whose main income comes from share fishing and who have been classified as self-employed may opt to pay an extra contribution for certain benefits under Class P. In addition to the Class S contribution, they will pay a contribution of 4% of all income over the PRSI-Free Allowance of €2,500 per annum or €200, whichever is the greater.

Voluntary contributions

If you are no longer covered by compulsory PRSI, either as an employee or as a self-employed person, and you are under age 66, you may opt to become insured on a voluntary basis, so long as you satisfy certain conditions. The amount of a Voluntary Contribution in any contribution year is calculated as a percentage of your reckonable income, subject to a minimum and a maximum payment. There are three rates of voluntary contributions:

High rate:	Low rate:	Special rate:	Benefits covered:
✓			State Pension (Transition)
✓		✓	State Pension (Contributory)
✓	✓	✓	Widow's, Widower's or Surviving Civil Partner's (Contributory) Pension
✓	✓	✓	Guardian's Payment (Contributory)
✓	✓	✓	Bereavement Grant

High rate: 6.6% for people who last paid PRSI at Classes A, E and H

Low rate: 2.6% for people who last paid PRSI at Classes B, C and D

Special rate: Flat rate of €253 for people who last paid PRSI at Class S.
